Notice of Forfeiture.

Notice of Forfeiture.

Harrisburg, Ariz. Jan. 26, 1904.

To Thomas Saunders, bls heirs and assigns:
You are hereby notified that I have expended during the year 1903 one (\$100) hundred dollars in labor and improvements upon each of the following chalms.—Blue Shate, Comodity, Jack Rabbit, Leopard, Blue Hell, Little Butte, Sent After, Flying Dutchman, Homestale mining claims, situate in Piomosa mining district, Yuma county, Territory of Arizona, the notice of location whereof is of record in the office of the County Recorder, in Book J. of Mines, on pages 584, 378,580, 581, 582, 587, 579, 575, 583, Mining records of Yoma county, Arrizona. In order to hold said claims under the provision of Section 223 of the Revised Statutes of the United States and the amendments thereto concerning annual labor upon mining chaims, it being the amount required to hold said claims for the period ending December 31, 1903.

And if within minety (90) days from the personal service of this notice, or within ninety (90) days after the publication hereof you fail or refuse to contribute your proportion of said expenditures as co-owner, your interest in said mining claims will become the property of the subscriber, your co-owner, who has made the required expenditures by the terms of said see than 234.

COLORADO AND GILA VALLEYS.

In the valleys of the Colorado and Gila rivers there is room for thousands. It is not too much to say that nowhere within the limits of this broad union can be found a more desirable region for the making of a home. No laborious cicarring of the land is required; it lies almost ready for the plow. Trees and shrubbery have so rapid a growth that within elekteen months the immigrant can surround his abode with attractions which would require years to mature in less favored climates. Fruits ripon and are ready for the market a full month before the California products. The bright sunshine maxes life a luxury, and the pure dry atmosphere brings health to all who inhale it. For the establishment of colonies, such as are made in Southern California. Arizona presents unrivaled opportunities. Thousands of acres now profitless can be made productive by the construction of irrigating ditches, and there is no investment which assures larger and more permanent return.

The statements in this article on Yuma county are not exaggerated; in fact they fall short of doing justice to this wonderful bit of country Pincappies, dates, almonds and wainuts will do well. Strawberries, raspherries, blackberries, currants, gooseberries and all varieties of small fruits can be successfully entitivated. Indeed, Yunna country is not only the natural home of the citrus and semitropical fruits, as almost every fruit, ms, plant, grain, grass, or vegetable which can be produced in either tropic of the temperate zones will thrive in the rich and fertile soils.

With the bright prospects ahead of the town

Cure: Variety of grains, grasses, fruits and expectation is the continuing and the same provided in the surpars of the cast of the continuing and the form of the cast of the continuing and the form of the cast of the continuing and the form of the cast of the continuing and the form of the cast of the continuing and the continui ulation and a prosperous future. Almost every variety known can be raised in their fruitful

variety known can be raised in their fruitful soils. The apple, pear, plum, peach, apricot, quince and nectarine, are of delicious flavor, and give a generous yield. The grape of all varieties is at home in these sunny vales. No place in the grape-growing belt of the Pacific coast can show so prolifie a yield. The quality is all that could be desired; and the wine, although its manufacture is yet experimental, is of a fine flavor, delicious bouquet, and unsurpassed by any native product as a table beverage. Experiments with the raisin grape have shown that this climate and soil possess every advantage for the production and curing of this staple article of commerce.

shown that this climate and soil possess every advantage for the production and curing of this staple article of commerce.

"Hesides the fruits already mentioned, the orange lemon, lime, olive, fig. pomgranate and others of the citrus family, can be grown successfully in the valleys of Southern Arizonn. Orange trees are now in bearing in Sait river valley and at Yuma: while the banama is also being cultivated at the latter place. The Arizona orange in quality and flavor will compare favorably with the best California.

"In the valleys of the Colorado, the Sait and the Gila rivers, there is room for thousands. It is not too much to say that upwhere within the limits of this broad Union can be found a more desirable region for the making of a home. No laborious clearing of the land is required; it lies almost ready for the plow, Trees and shrubbery have so rapid a growth that within eighteen months the immigrant can surround his abode with attractions which would require years to mature in less favored climates. Fruits ripen and are ready for market a full month before the California product. The bright sunshine is a luvury, and the pure, dry atmosphere brings health to all who thalle it. For the establishment of colonies, such as have made of Southern California a garden, Arizona presents unrivaled opportunities. Thousands of acres, now profitiess, can be made productive by the construction of irrigating ditches, and there is no investment which assures larver or more permanent returns."

Amendment to the Articles of Incorporation

of the California-King Gold Mines Co. Be it remembered, that at the regular meeting of the stockholders of the California King Gold Mines company, duly held at the office of empany in Yuma, Yuma county, Arizona, on Monday, the 12th day of October, A. D. 1908, at which meeting there was more than a majority of the capital stock of said company represent on motion it was resolved that Section five (5) of the Articles of Incorporation of said company be amended sojas to read in the last, paragraph of said Section five as follows: "Said annual meeting to be held on the first
